

Wonder

The book Wonder is a fantastic book!!! It was a very sad book at times but along with that it teaches kids lots of things. It doesn't matter what your face looks like, or how ~~you~~ you dress, or if you are in the popular group or not, it only matters what is on the inside.

Jack Will was a jerk at times, but he always apologized ^{to} ~~after~~ after ~~that~~ he ~~he~~ did something wrong to ~~my~~ August. When August's school was at the Nature reserve August was getting picked on by some 7th Graders from a different school, and Jack Will stood up for him. Wonder is my favorite book!!!
